A wererat is a therianthrope creature in the shape of a rat. The term is a neologism coined in analogy to werewolf, used in the fantasy or horror genre since the 1970s. The concept has since become common in role playing games and fantasy fiction inspired by them. Were-rats are commonly portrayed as sewer-dwelling scavengers and opportunistic thieves.

The gender pay gap or gender wage gap is the average difference between the remuneration for men and women who are working. Women are generally paid less than men. There are two distinct numbers regarding the pay gap: unadjusted versus adjusted pay gap. The latter takes into account differences in hours worked, occupations chosen, education and job experience.

The book titled was written in Greek, presumably as it was aimed at non-Jews, and Greek was the leading written language in Europe at that time. Exodus is the Latinised form of the title; and the Latin text has been translated many times into more-or-less modern English, but the title 'Exodus' was retained. The word is composite, meaning something like 'way out' in a neutral sense.
