Holography is the science and practice of making holograms. Typically, a hologram is a photographic recording of a light field, rather than of an image formed by a lens, and it is used to display a fully three-dimensional image of the holographed subject, which is seen without the aid of special glasses or other intermediate optics. The hologram itself is not an image and is usually ...

The Ten Commandments are a series of religious and moral imperatives that are recognized as a moral foundation in several of the Abrahamic religions, including Catholicism. As described in the Old Testament books Exodus and Deuteronomy, the Commandments form part of a covenant offered by God to the Israelites to free them from the spiritual slavery of sin.
