Asthma (or Asthma bronchiale) is a disease that hurts the airways inside the lungs. It causes the tissue inside the airways to swell. Asthma also causes the bands of muscle around the airways to become narrow. This makes it hard for enough air to pass through and for the person to breathe normally. Asthma also causes mucus-making cells inside the airways to make more mucus than normal.

Ventricular tachycardia (V-tach or VT) is a type of regular, fast heart rate that arises from improper electrical activity in the ventricles of the heart. Although a few seconds may not result in problems, longer periods are dangerous. Short periods may occur without symptoms, or present with lightheadedness, palpitations, or chest pain. Ventricular tachycardia may result in cardiac arrest and ...

History. The term "police brutality" was in use in the American press as early as 1872, when the Chicago Tribune reported on the beating of a civilian under arrest at the Harrison Street Police Station.. The origin of 'modern' policing based on the authority of the nation state is commonly traced back to developments in seventeenth and 18th century France, with modern police departments being ...
